FOREWORD

PRESIDENT OF APQN

Dear all, Welcome you to APQN 3rd Global Summit!

APQN Global Summit (APGS) is one of the main annual events for discussing and advancing quality assurance in higher education throughout the Asia-Pacific region. Since 2016, APQN has successfully organized two APGS: the 1st APGS is *“Sharing Values and Fostering Trust beyond Borders”* jointly pioneered and organized with the National Assessment and Accreditation Council (NAAC) in Bengaluru, India; the 2nd APGS is *“Regional Cooperation and Harmonization: ASEAN Countries and East Asia in Quality Assurance of Higher Education”* jointly organized with the Higher Education Evaluation and Accreditation Council of Taiwan (HEEACT) in Chinese of Taiwan. The 3rd APGS is today’s great event - *“Quality Assurance for Higher Education 4.0 - Issues and Challenges”* jointly organized with the National Accreditation Agency for Higher Education (BAN-PT), Indonesia and the AQAN.

Prof Dr. Jianxin Zhang

President, Asia Pacific Quality Network

Though APGS is only 3-years old, but we can see it has caused much influence on quality assurance in higher education. The most evidence is the *“Bengaluru Statement on Next-Generation Quality Assurance of Higher Education: a Shared Vision and Commitment for Fostering Partnership beyond Borders”*. We are very happy to have participants from various countries such as Australia, Cambodia, China, Japan, Malaysia, Philippines, Russia, Thailand, Timor Leste, Tonga, and Indonesia. I am sure that the 3rd APGS will contribute a lot to quality assurance in higher education, too!

Today we gather here to discuss this crucial issue, what we can do is to bravely rise to the challenges of the enhanced responsibilities, to help establish the flexibility of the QA system, to help the HEIs to set their own mission-driven goals and measures responsive to the diversity of HE 4.0, and to dissolve boundaries for a quality region.

I wish the 3rd Global Summit a great success!

EXECUTIVE BOARD DIRECTOR BAN-PT and PRESIDENT OF AQAN

On behalf of Badan Akreditasi Nasional Perguruan Tinggi (the National Accreditation Agency for Higher Education) Indonesia, I would like to welcome all speakers and participants of the 3rd Asia Pacific Quality Network Global Summit 2018.

Prof. T. Basaruddin
Executive Board Director, BAN-PT
President, AQAN

Since the first APQN Global Summit which was held in Bengaluru India in 2016 then followed by the second Global Summit in Taiwan last year, the APQN Global Summit has been regarded as one of the important annual international events in the field of quality assurance for higher education.

We all know that quality assurance in higher education has already become a global issue. Higher education institutions (HEIs) throughout the world today are focusing special attention on designing and implementing new quality assurance mechanisms and systems.

The main theme of Third Asia Pacific Quality Network (APQN) Global Summit 2018 “Quality Assurance for Higher Education 4.0: Issues and Challenges” is highly relevant to the world of today as we are now entering the era of the **fourth Industrial Revolution (IR 4.0)**. IR 4.0 represents the movement towards smart industry and manufacturing goals. Human resources in this era should be equipped with the literacies and skills they need to thrive in this new economy defined by technology, as well as access to the learning they need to face the challenges of life in a diverse, global environment. Higher education, as the apex of formal training for human resources, should therefore need a new model and a new orientation, away from its traditional setting.

The quality assurance for higher education in this era is obviously of equally challenging as the notion of quality is greatly affected by more and more “stated and unstated” needs of stakeholders of the IR 4.0 era. QA will need to support institutional recruiting and diverse strategies and strongly be oriented at the student life cycle. It will need to keep track with new

technological possibilities (ie.learning analytics, mobile feedback system), and cycles of programme innovation and development will need to be more flexible.

Under its main theme, this Global Summit will address related issues such as *Defining Quality of Higher Education in the Industrial 4.0 Era; The ASEAN Countries Response to Higher Education (HE) 4.0; Impact of HE 4.0 on External Quality Assurance Principles and Regional Framework; Quality Issues in Vocational Education in the Industrial 4.0 Era; How to Instill Quality Culture in Higher Education, and Quality Assurance for Online and Trans-border Higher Education.* Such thematic focuses are expected to provide us with more comprehensive yet specific understanding that are relevant to our needs.

In closing, I would like to convey my deepest appreciation to the Asia Pacific Quality Network for entrusting BAN-PT to hold the third APQN Global Summit in Indonesia this year. This event is also co-hosted by the ASEAN Quality Assurance Network (AQAN), and is strongly supported by the European Union Support to Higher Education in ASEAN Region (**SHARE**), the ASEAN Secretariat, and the German Society for International Cooperation, Ltd (**GIZ**). I thank also the Universitas Pendidikan Nasional, Denpasar – Bali, our local support of this event.

We highly appreciate all experts and speakers who will share their expertise, experience and knowledge to all Global Summit attendees. We sincerely hope that all attendees will enjoy and be inspired from the discussions, presentations and knowledge sharing sessions of this Global Summit. It is greatly expected that The Third Asia Pacific Quality Network Global Summit 2018 will mark the beginning of stronger collaboration and network among all participants, in the field of quality assurance of higher education in the ASEAN countries and Asia Pacific regions.

WELCOME MESSAGE FROM THE ORGANIZING COMMITTEE

Dear Attendees of the Third Asia Pacific Quality Network Global Summit 2018,

On behalf of the Organizing Committee, I would like to welcome you to The Third Asia Pacific Quality Network (APQN) Global Summit 2018. The National Accreditation Agency of Higher Education, Indonesia is greatly honored to be a co-organizer of this event which is one of the main annual international events of quality assurance in higher education of the ASEAN and Asia Pacific regions.

Agus Setiabudi
Chairman, the Organizing Committee

APQN has successfully organized 1st Global Summit 2016 in Bengaluru, India, and the 2nd Global Summit 2017 in Taiwan, and we expect the same success for the 3rd APQN Global Summit 2018 in Bali Indonesia from the 27th to 29 of August 2018.

The Third Asia Pacific Quality Network Global Summit 2018 is attended by 155 participants from various countries namely Australia, Cambodia, China, Japan, Malaysia, Philippines, Russia, Thailand, Timor Leste, Tonga, and Indonesia. Seventeen prominent international experts on quality assurance in higher education will share their expertise and experience in series of panel discussions from the 27th to 29th August 2018. In addition to being an excellent forum for knowledge sharing, The Third APQN Global Summit 2018 will also provide a good opportunity to connect with people working in the field of quality assurance in higher education. We would like to encourage you to participate in this most prestigious event and it is only with your contribution that we can ensure the success of The Third APQN Global Summit 2018.

INTRODUCTION

The Asia-Pacific Quality Network (APQN) Global Summit is one of the main annual events for discussing and advancing quality assurance in higher education throughout Asia and the Pacific. APQN has successfully organized two Global Summits in 2016 and 2017 consecutively. “Global Summit on Quality Higher Education: Sharing Values and Fostering Trust beyond Borders” was the first Global Summit organized in collaboration with the National Assessment and Accreditation Council (NAAC) of India held in Bengaluru, India (September 16–17, 2016). The second Global Summit (September 21–22, 2017) was jointly organized with the Higher Education Evaluation and Accreditation Council of Taiwan (HEEACT) in Chinese Taiwan under the theme of “Global Summit on Regional Cooperation and Harmonization: ASEAN Countries and East Asia in Quality Assurance of Higher Education”. The Third Asia Pacific Quality Network (APQN) Global Summit 2018 will be held at the Anvaya Beach Resort, Bali, Indonesia, from August 27th to August 29th 2018.

USEFUL INFORMATION

Arrivals

Arrival procedures at Bali's Ngurah Rai International Airport are straightforward, although it can take some time for planeloads of visitors to clear immigration.

The Organizers will cover the airfare and accommodation expenses of invited speakers and will provide pick-up transportation from the airport to the hotel.

Participants are requested to arrange their own transport from the airport to the Global Summit Venue. It is advisable to take registered airport taxis.

Registration

- Day 0: August 27, 2018 at the lobby of Anvaya Ballroom from 15.30 pm - 18.00 pm,
- Day 1: August 28, 2018 at the lobby of Anvaya Ballroom from 08.30 am - 09.00 am
- The conference kit including the Name Tag will be distributed at the registration desk.
- Participants are requested to wear the Name Tag at all times during the Global Summit. This will enable hotel staff and the organizers to identify the participants as part of The Third APQN Global Summit 2018.

Local Transportation

- Metered taxis are common and essential for getting around. You can usually flag one down in busy areas. Avoid any taxis where the driver will not use a meter.
- The best taxi company is **Blue Bird Taxi**, which uses blue vehicles with a light on the roof bearing a stylised bluebird. Drivers speak reasonable English and use the meter at all times

Weather

- August is the peak of the “dry season” in Bali, and is a great time to enjoy Bali’s beaches and go swimming.
- The average temperature is 27°C (81°F). It is recommended to bring light clothes but also a jacket and some warm clothes, as most rooms have strong air conditioning.

Money Matters

- The official currency of Indonesia is **Rupiah** and the currency code for Rupiah is **IDR**, and the currency symbol is **Rp**.
- By law, all transactions are required to be conducted in Rupiah, and information of daily exchange rates can be found in newspapers or from the internet.
- Credit cards are widely accepted in hotels, large restaurants, and large stores.
- Please note that on check-in at the hotel you may be asked to give a credit card or a deposit to cover any incidental charges that you may have at the hotel. This is normal hotel practice.

Insurance

Please ensure that you have arranged your own adequate travel and medical insurance against medical treatment, accidents, repatriation, cancellation of booking, etc.

Safety and Security

- Please be aware of the risk of street crime and pick-pocketing, particularly in busy tourist areas in Bali, where there have been reports of bag-snatching.
- It is advisable to take sensible measures to protect yourself and your belongings, and please take particular care of your passport and bank cards and avoid travelling around alone.

Electricity, Plugs and Adapters

- The voltage used for electricity in Bali is 220V (Voltage) with the frequency of 50Hz (Hertz).
- The two-pin sockets and plugs are used, just like in larger parts of Europe.
- Whether you are staying in a hotel or in a private villa you should be able to get a power adapter if you ask for one. The pins are round, not flat or rectangular.

APQN AND BAN-PT AT A GLANCE

THE ASIA-PACIFIC QUALITY NETWORK APQN

OVERVIEW

The Asia-Pacific Quality Network (APQN) is a non-profit, non-government network “to enhance the quality of higher education in Asia and the Pacific region that contains over half the world’s population, through strengthening the work of the QAAs and extending the cooperation between them” for its ultimate goal of “Dissolving Boundaries for a Quality Region” according to its Constitution.

APQN was founded in Hong Kong in China in January 2003, incorporated as a non-profit association in the state of Victoria in Australia in December 2004. Its Secretariat was hosted by Australian Universities Quality Agency (AUQA) from 2003 to February 2009. In March 2009, the administration moved to the Shanghai Education Evaluation Institute (SEEI) in China, and it is registered as a non-profit organization in June 2011 in Shanghai, China.

The Asia-Pacific Region covered by APQN includes all Pacific island nations and territories, New Zealand, Australia, Papua New Guinea; all island and mainland nations and territories of Asia, including Russia, Afghanistan and Iran, but excluding the other central Asian “stans”, and excluding the Gulf states (which are covered by another network).

Since APQN’s inception in 2003, APQN has been continuously fighting to “enhance the quality of higher education” for the ultimate goal of “Dissolving Boundaries for a Quality Region”. After a 13-year development, APQN with 174 members in 2016 has become the largest and the most influential non-governmental international organization in the Asia-Pacific Region.

BOARD of APQN

President	: Prof. Dr. Jianxin Zhang
Vice President	: Prof. Angela Hou Yung-chi
Secretary/Treasurer	: Ms. Liu Pingping
Immediate Past President	: Dr. Jagannath Patil
APQN Board Member	: Dr. Manuel Corpus Prof. Dr. Galina Motova Ms. Malini Nair - Prasad Prof. Deepthi C. Bandara

MISSION STATEMENT

Goal :	Dissolving Boundaries for a Quality Region
Mission:	To enhance the quality of higher education in Asia and the Pacific region through strengthening the work of quality assurance organizations and extending the cooperation between them.
Vision:	To be a self-sustaining Network, a first point of reference for advice or support, efficient in its operations and open in its information.
Values:	To be committed to quality higher education and supportive of quality organizations in the region.

APQN METHODS

APQN achieves its purposes through a range of methods, including: dissemination of information through newsletters, documents, journals and books, whether in paper-based or electronic form; training and development through seminars, workshops, conferences and staff movement; developing and utilizing databases and other resources from other organizations; other appropriate means as determined by the General Council or the Board.

BADAN AKREDITASI NASIONAL PERGURUAN TINGGI - BAN PT (NATIONAL ACCREDITATION AGENCY FOR HIGHER EDUCATION)

OVERVIEW

Badan Akreditasi Nasional Perguruan Tinggi abbreviated as BAN-PT (*National Accreditation Agency for Higher Education = NAAHE*), established in 1994, is a sole national independent agency that accredits Study Programs and Higher Education Institutions (HEIs) in Indonesia. BAN-PT is an independent organization in terms of governance, accreditation as well as in decision making process.

The roles of BAN-PT are legally stipulated in two Regulations of Minister of Research, Technology and Higher Education: Number 32/2016 on Accreditation of Study Programs and HEIs, and Number 62/2016 on Higher Education Quality Assurance System. BAN-PT has the task and responsibility for monitoring and evaluating the performance of discipline-based accreditation agencies.

The accreditation is mandatory for both Study Programs and HEIs in Indonesia. The accreditation of Study Programs will be delegated to discipline-based independent accreditation agencies, whilst BAN-PT accredits HEIs only, and BAN-PT should monitor and evaluate the performance of discipline-based accreditation agencies. However, if discipline-based independent accreditation agencies have not yet been established, BAN-PT should accredit the Study Programs.

Currently there are 4.506 Higher Education Institutions (HEIs) in Indonesia which consist of 13 Community Colleges, 1,102 Academies, 254 Polytechnics, 2425 Colleges, 155 Institutes, and 557 Universities, both public and private. (data of November 2017). Since its establishment to end of October 2017 BAN-PT has accredited 18.794 Study Programs and 1.440 HEIs across the country.

Since February 2017, BAN-PT has moved into its new office at 17th floor of *Gedung II BPPT*, Jl. M. H. Thamrin, Jakarta.

ORGANIZATION of BAN-PT

Since its establishment in 1994, the organizational structure of BAN-PT has been evolved, and with the issuance of the Regulation of Ministry of Research, Technology and Higher Education Number 32 Year 2016, BAN-PT consists of two organs, Majelis Akreditasi (MA) / *Accreditation Council* and Dewan Eksekutif (DE) / *Executive Board*..

ACCREDITATION COUNCIL (MAJELIS AKREDITASI = MA)

Serves as policy-making organ and is in-charge in establishing strategic alliances with national & international stakeholders.

Chairman:	Prof. Dwiwahju Sasongko, Ph.D
Secretary:	Prof. Dr. rer.nat. Imam Buchori, ST
Members:	Prof. Dr. H. Mansyur Ramly, MBA Prof. Bambang Suryoatmono, Ph.D Prof. Dr. Mustanir, M.Sc Dr. Ir. Setyo Pertiwi, M.Agr Dr. Drs. Iwan Mulyawan, Grad. Dipl. MBA Prof. T. Basaruddin

EXECUTIVE BOARD (DEWAN EKSEKUTIF = DE)

Dewan Eksekutif is in-charge as policy-executing organ and responsible to develop cooperation with other national and international Quality Assurance Agencies as approved by MA.

Day-to-day operation of BAN-PT is managed by DE and supported by BAN-PT Secretariat that provides technical and administrative supports with regard to legal matters, public relations, management, finance, infrastructure and facilities, human resources, and other activities required for the implementation of duties and functions of BAN-PT.

Director:	Prof. T. Basaruddin
Secretary:	Dr. Agus Setiabudi, M.Si
Members:	Prof. Dr. Ir. SM Widyastuti, MSc Sugiyono, Ph.D Prof. Akhmad Fauzy, S.Si, M.Si, Ph.D

MISSION AND VISION

Missions

- Building a quality culture in higher education;
- Developing an accreditation system as an enactment of external quality assurance;
- Performing accreditation efficiently, reliably, and accurately;
- Developing a quality independent accreditation institution.

Visions

- To be a fully trusted accreditation agency, at national and international levels.
- To be a slim, modern, efficient, and effective organization, supported by highly qualified assessors and staff, and by utilizing ICT intensively.
- To be an organization that is adaptive and responsive towards changes of academic quality assurance demands.
- To consistently practice accreditation process and mechanism to push the growth of internal quality culture, demonstrated by continuous improvement on quality by every HEI.

BAN-PT SYSTEMS

Currently, BAN-PT utilizes two homegrown application systems as follows:

1. **The Accreditation Information System** (commonly called **accreditation directory**). It is a web-based application system supported by some free database engines. The main functionality of this application is to provide information for the public on the accreditation status and rank of all accredited HEIs and Study Programs. The system also contains information regarding the minimum accreditation for opening up new programs proposed by HEIs.
2. **SAPTO**, stands for **Sistem Akreditasi Perguruan Tinggi Online** (*Online Higher Education Accreditation System*), a web-based online accreditation system. It is simply implementing the accreditation process online, which means the printed documents of accreditation is replaced by soft files which can be uploaded to the system. Desk assessment and submission of assessment results are also carried out online. The Accreditation Decision and Certificate are produced by the system and downloadable by the HEI.
